

“LET US KNOW GANDHI”

(SHORT TERM CORRESPONDENCE COURSE)

LEARN THE LIFE AND MESSAGES OF A MAN WHO STILL INSPIRES THE WORLD

Given the alarming proliferation of conflicts around the world, it is not enough for leaders to try to protect innocent citizens from violence. We must address the causes of conflict and inspire a culture of peace. Gandhi elevated pacifism to an empowering political force, which inspired world leaders like Martin Luther King, Nelson Mandela, Walesa, etc. His views – although developed in the context of a struggle in South Africa and India many years ago – show an amazing insight into problems of today’s global economy and society.

With this end in view, Gandhi Study Centre in Chennai is conducting a unique programme to introduce the Father of the Nation – Mahatma Gandhi – to general public through correspondence course. The course material will be available both in English and Tamil. This short and effective scheme will be of great help for all who loves this country, people and culture.
